

WEST BENGAL STATE UNIVERSITY

B.A./B.Sc. Honours 1st Semester Examination, 2018

Introduction to Psychology

Time Allotted: 2 Hours

Full Marks: 40

The figures in the margin indicate full marks
Candidates should answer in their own words and adhere to the word limit as practicable
All symbols are of usual significance

(a) What is meant by SOR? (b) What do you mean by approach-approach conflict? (c) Match the following pairs: (i) Behavioural Perspective (1) Chomsky (ii) Psychodynamic Perspective (2) Rogers (iii) Humanistic Perspective (3) Watson (iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mention the different factors that affect perception. 10	1.	1. Answer any five questions from the following:					
(c) Match the following pairs: (i) Behavioural Perspective (1) Chomsky (ii) Psychodynamic Perspective (2) Rogers (iii) Humanistic Perspective (3) Watson (iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 What Magnion the different factors that affect perception. 10		(a) What is meant by SOR?					
(i) Behavioural Perspective (1) Chomsky (ii) Psychodynamic Perspective (2) Rogers (iii) Humanistic Perspective (3) Watson (iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Montion the different factors that affect perception. 10		(b) What do you mean by approach-approach conflict?					
(iii) Psychodynamic Perspective (2) Rogers (iiii) Humanistic Perspective (3) Watson (iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception.		(c) Match the following pairs:					
(iii) Humanistic Perspective (3) Watson (iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mostion the different factors that affect perception. 10			(i)	Behavioural Perspective	(1)	Chomsky	
(iv) Cognitive Perspective (4) Freud (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception. 10			(ii)	Psychodynamic Perspective	(2)	Rogers	
 (d) Write down two differences between shift and oscillation. (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mention the different factors that affect perception. 10 			(iii)	Humanistic Perspective	(3)	Watson	
 (e) What do you know about Mnemonics? (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Montion the different factors that affect perception. 10 					. ,		
 (f) Define emotion. (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception. 10 		(d) Write down two differences between shift and oscillation.					
 (g) Define size constancy. (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception. 10 		(e) What do you know about Mnemonics?					
 (h) What is meant by vicarious reinforcement? 2. Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception. 10 		X.E.					
 Answer any four questions from the following: 5×4 = 20 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mastion the different factors that affect perception. 10 		(g) Define size constancy.					
 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any <i>one</i> question from the following: (a) What are the different subfields of psychology? (b) Magnion the different factors that affect perception. 		(h) What is meant by vicarious reinforcement?					
 (a) What do you mean by optical illusion? (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any <i>one</i> question from the following: (a) What are the different subfields of psychology? (b) Magnion the different factors that affect perception. 	2		Ancu	er any four questions from the follow	ving:		5×4 = 20
 (b) Write a note on introspection method. (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: (a) What are the different subfields of psychology? (b) Mastion the different factors that affect perception. 	2.	2. Answer any four questions question?					
 (c) Write down any one psychophysical method, in brief. (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: (a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception. 		(a) What do you mean by option method.					
 (d) Briefly describe Lindsley's Activation theory of emotion. (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any <i>one</i> question from the following: (a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception. 		(b) Write a note on introspection method, in brief.					
 (e) Briefly discuss the subjective factors that influence attention. (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any <i>one</i> question from the following: (a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception. 		(c) Write down any one psychophysical many of emotion.					
 (f) Write a note on types of thinking. (g) Briefly discuss the types of motivation according to Maslow. 3. Answer any one question from the following: 10×1 = 10 (a) What are the different subfields of psychology? 10 (b) Mantion the different factors that affect perception. 10 		(d) Briefly describe Elliusicy 3 feet all the subjective factors that influence attention.					
(g) Briefly discuss the types of motivation according to Masiow. 3. Answer any <i>one</i> question from the following: (a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception.		(e) Briefly discuss the subjective laters and management to be subjective laters and management to be subjective laters and management laters and management laters and laters a					
3. Answer any <i>one</i> question from the following: $10 \cdot 1 = 10$ (a) What are the different subfields of psychology? 10 (b) Montion the different factors that affect perception. 10		(f) Write a note on types of uniforms.					
(a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception.		(g) Briefly discuss the types of motivation according to the					
(a) What are the different subfields of psychology? (b) Mantion the different factors that affect perception.	2		Answ	er any one question from the follow	ng:		10×1 = 10
(b) Montion the different factors that affect perception.	٦.	(-)	What are the different subfields of psychology?				
(D) Melition are		Montion the different factors that affect perception.					10
Dispuss the steps and approaches of problem solving. 5+5		(c) Discuss the steps and approaches of problem solving.					5+5
(c) Discuss the steps ——x——
